PROFESSIONAL EXPERIENCE

**American Baromedical Corporation &
Best Publishing Company, Palm Beach, FL**

1/2010 to present

Executive Vice President

Reporting to the President of American Baromedical the EVP oversees the operations and development of the organization as full service wound care management firm. In addition, manage the organization Best Publishing Company. The position also fills the position of Managing Editor of the Company's industry publication the Wound Care and Hyperbaric Magazine. The position's direct reports include the Director of Operations, Managing Editor of BPC, the Chief Financial Officer and Company Medical Advisory Board.

Peters Educational Group, LLC

10/2008 to present

Managing Director

Peters Educational Group, LLC, also doing business as Wound Care Education Partners is a Florida based company and a licensed professional CE provider. Peters Educational Group, LLC is a group of specialized educators focused on providing high quality and meaningful healthcare educational programs live and online to medical facilities and clinics, home healthcare agencies and individuals.

Diversified Clinical Services

1998 to 10/2008

Regional / Area Vice President, Florida, USA

2/2000 to 10/2008

An officer with the nation's largest wound care firm with overall responsibility for all activities within the assigned region. Serves as a corporate manager, contract administrator and overall liaison between the Regional Nursing Officer, Regional Director of Community Education, Regional Medical Director and the Program Directors (PD) overseeing local operations of outpatient business units and Diversified Clinical Services (DCS) Corporate Headquarters, partner hospitals and department physicians for all operational elements related to contracted centers within an assigned region. Directly reports to the Executive Vice President of Operations for Diversified Clinical Services. Collaborates with Development and Acquisitions team in generating leads and new hospital accounts. Coordinates activities during all phases of start up and development at a new hospital location. Travel, at the rate of 50-60% is typically associated with this position.

- Responsible for aggregate ambulatory outpatient hospital (14 programs) adjusted net revenue of ~\$6 million on greater than \$24 million in gross revenues through 8/2008.
- Regional contracted EBITDA for Diversified Clinical Services of \$1.1 million EBITDA on top line revenue of \$3.2 million through 8/2008 or 116% of budget.
- Responsible for aggregate ambulatory outpatient hospital (24 programs) adjusted net revenue of ~\$19 million on greater than \$75 million in gross revenues in 2007.
- Regional contracted EBITDA for Diversified Clinical Services of \$2.5 million EBITDA in FY07 on top line revenue of \$10.1 million.

- Overall FTE count though 8/2008 ~75.
- Overall FTE count in 2007 – 158.
- Participating staff physicians for 2007 – 119.
- New patient volume ~4,200 or 101% of budgeted volume through 8/2008.
- 2007 new patient volume ~10,300.
- Area volumes for hyperbaric medicine were ~9,700 or 103% of budget through 8/2008.
- 2007 regional volumes for hyperbaric medicine were ~29,000.
- Area volumes for patient encounters were ~38,000 or 104% of budget through 8/2008.
- 2007 volumes for wound care procedures, surgical procedures and office visits were ~168,000.
- Regional growth has increased from four programs in 2001 to twenty-nine programs in 2006.
- Restructured hospital departments many times over, including in 2002 resulting in a \$1.3 million turnaround.
- Reorganized thirteen of the twenty nine outpatient departments, either facility-owned or previously outsourced to other management firms.
- Successfully recruited physicians from a variety of specialties to practice wound care & hyperbaric medicine.
- Ability to analyze areas of inefficiency and boost productivity, in new and existing service lines, through development and implementation of key success factors in operations management. These factors include proper physician recruitment, transition of leadership, benchmarking of national standards, and motivating the hospital partner by demonstrating the lost opportunities in not participating in driving the program.
- Developed and integrated pathways to drive down AR days by establishing feedback loops with the HIM and finance departments.

Wound Care and Hyperbaric Medicine Operations Manager

1998-2001

Provided operations management for a, high-volume, \$3.3 million net revenue department for Boca Raton Community Hospital.

- Ensured budgetary compliance for both client and Contractor.
- Contract facilitator for Hospital and Contractor.
- Provided trend analysis using accepted forecasting techniques, established capacity utilization plans, ensured quality assurance initiatives, and created marketing plans for business development.
- Managed SBU business office functions including patient financial accounting including reimbursement analysis, medical records staff and coders in a two-department area including Pain Management and The Center for Wound Care and Hyperbaric Medicine.

HCA Tallahassee Community Hospital

1991-1998

Senior Certified Hyperbaric Technologist and Wound Care Specialist 1992-1998

- Developed marketing tools for the hyperbaric service including publications, slide presentations, and story-board development.
- Authored clinical / technical policies and procedures and quality assurance initiatives for the service.
- Published medical research in the Journal of Hyperbaric Medicine and development of department newsletter.
- Assisted in ensuring and maintaining medical / legal compliance.
- Provided direct clinical care in the multi-lock/person hyperbaric environment; performed 900 logged hyperbaric dives with patients of all levels of acuity and to depths of 5 ATA.
- Emergency Medical Technician (EMT) working both in the hyperbaric suite and the ED.

Business Office / ER Admissions Weekend Supervisor

1991-1992

- Responsible for ED intake and weekend call for ER BO (120 beds)
- Responsible for bed control after normal business hours
- Responsible for collections compliance, P&P compliance, and smooth relationship with all departments interacting with the ER BO
